Arbic

PROFILE

"As a programmer, I strive to be both creative and detail-oriented, always aiming to bring innovative solutions to the table while ensuring every line of code is clean and efficient. I enjoy collaborating with others, believing that the best results come from teamwork and open communication. My passion for coding drives me to continuously learn and adapt, staying up-to-date with the latest technologies to deliver the best possible outcomes."

WORK EXPERIENCE

Front End

- Front-End Developer | Self-Led Projects
- Date: [6/2023] - Present
- Developed several personal projects using HTML, CSS, and JavaScript, focusing on responsive design and user experience.
- Built dynamic web applications with React, integrating APIs for real-time data and optimizing performance.
- Created a portfolio website from scratch using Vite and SCSS, showcasing my skills and projects.
- Continuously learning new technologies such as TypeScript and Tailwind CSS to enhance my development toolkit.
-
